

OPFS INITIAL DRAFT REQUIREMENTS – NOT YET FINALIZED

PROPOSED REFERENCE FILE 03 RECORD LAYOUTS

In addition to the existing Reference file Refer01 and Refer02 it is proposed that a third file Refer03 be created. This file will contain the records described in this document. Final approved layouts will then be added to the existing Encounters document entitled “Appendix E Reference File ISD Specifications” currently available in the downloadable “Encounter Reporting User Manual” on the AHCCCS web site.

Note: acronym OPFS is Out Patient Fee Schedule.

Record Type	Description	Source
T0	File Header	
N1	OPFS Indicators This record will be cloned from the current RF113 record that is currently produced on the Refer01 and Refer02 files represented by record types H1 and M2 respectively. There will just one record produced for every M2 Procedure Code determined to be an OPFS Procedure.	RF127
N2	OPFS Price This record will be cloned from the current RF112 Procedure Maximum Allowable Charge record that is currently produced on the Refer01 file represented by record type H2. There will be at least one N2 record for every N1 record produced.	RF126
N3	OPFS Bundled Driver This is a new record that will be used to identify ranges of procedure codes added in support of the Encounter & Claims bundling process that is still in the requirements gathering stage.	RF797
N4	OPFS Bundled Revenue Codes This is a new record that will be used to identify specific Revenue codes associated with the N3 records described above.	RF796
N5	Procedure Correct Coding This record type will contain the national CCI codes to allow Encounters and Claims to cross-reference to the correct procedure code in line with the Correct Coding Initiative.	RF128
T9	File Header
